

Since its foundation in the year 2007, bsw yachteinrichter has been known for absolute precision in the field of yacht interior installation. With knowledge and experience from more than 30 exclusive projects, highest quality standards and smooth teamwork focused on the project, we are specialists for interior and equipment of luxury yachts operating worldwide. In a team with 25 members at our premises in Altenberge, Germany, we implement extraordinary projects with passion and perfection and in close collaboration with our demanding customers.

We are immediately hiring a **Project Manager** (m/f/d)

Key Responsibilities

- Independently manage projects in yacht interior installation at home and abroad
- Plan, organize and responsibly implement projects
- Be the connecting member between designer, shipyard and project team
- Assure the defined project targets in terms of technical, schedule and economic specifications
- Be an interface for implementation in the design/ production/ assembly phase
- Perform quality inspections and claim management
- Lead a small project team
- Negotiate with suppliers and their management
- Prepare and hold meetings and presentations

Job Requirements

- Successfully completed technical studies, diploma or bachelor as an engineer in the field of wood engineering or interior installation, wood technician or an equivalent education
- Several years of experience in manufacturing and constructing high-quality interior installation
- Experience in an equivalent position, ideally in the field of interior installation
- Up-to-date CAD skills and very good knowledge of MS Office applications
- Very good command of business English, written and spoken
- Strong business and economic acumen
- Strong organizational and communication skills
- Willing to travel
- Awareness of good quality as well as focus on solutions and budget-conscious performance

What we offer

- An exciting and varying job in a growing international market
- Reasonable initial training period for specifics in the field of yacht interior installation
- Further training opportunities (foreign language skills, 2D/3D CAD programs)
- Business Bikes program for employees
